
Hello. I'm Jordan Pray.

EDSI Intern

Jordan Pray was a Business Services and Career Navigator Intern with EDSI. Here she shares the experiences, thoughts and insights she gained over the past year.

1. What were your top three favorite experiences during your EDSI internship?

- a. I really loved my coworkers! They were great and very helpful.
- b. One of my favorite aspects to the internship was the work I was doing. I really enjoyed working with local employers and getting people back on their feet.
- c. I really enjoyed getting the opportunity to grow. They gave me so much leeway and opportunity to sit in on meetings with other departments and it gave me great experience.

2. Name a funny moment that you had with your mentor or team.

I can't tell you only one. We had so many fun moments! Every day there was something that the staff in the office had fun with. Everyone was so welcoming and made me feel like I was a part of the team. The office had Thanksgiving and it was really fun! Everyone brought food, talked and laughed.

3. What skills did you learn that you weren't expecting?

One skill I learned that I wasn't expecting was teaching. My mentor had me present a PPT for a new client group. It was really cool since I am going into HR. The curriculum was called Dress for Success. I did not expect to get that opportunity.

4. What skills or experiences are you most proud of?

I really am proud of the skills I acquired with communication and prescreening candidates.

5. What would you suggest to future EDSI Interns?

Keep an open mind. Don't be afraid to do something your mentor or supervisor requests for you to do. Everyone is really friendly and wants you to learn from the experience.

6. Is there anything else you'd like to say about your internship at EDSI?

Be open to the experiences. Reach out to your mentor a lot! They are there to help. Everyone is really friendly and open, and they are there to help you in any way.
